What I loved most about the Tyke Program this season ...	<p>That they got the opportunity to play with just girls at their age.</p> <p>The split of games and skills and games each week</p> <p>The girls looked like they were having a ton of fun on the ice.</p> <p>The coaches always had a smile on their face and participated, with loads of encouragement for the girls.</p> <p>By the end of the season my daughter couldn't wait for Saturday!</p> <p>I thought the skills development was excellent</p> <p>I though the length of drills were appropriate for the age.</p> <p>The coaches were very knowledgeable and very positive and encouraging with the players.</p> <p>Having young volunteer players assist was very nice.</p> <p>The organization and set time the girls played</p>	
Improvement suggestions to make the Tyke program the best it can be	<p>Its hard to say when you have beginner girls out there. I would say learning more about positing and more of the game in general</p> <p>A little more formality to the games. Introduce goalies earlier in the season.</p> <p>The program was very well run for its inaugural season. With the girls starting at such varying skill levels it was good to start the season with skill development, before getting into games.</p> <p>The only possible improvement I could suggest is to try and make the games a little more structured. But I realize at this age it's near impossible to do that.</p> <p>The comments below are not meant to be negative as the season was outstanding.</p> <p>I would suggest that the shifts during the games be a bit shorter. Or maybe have the players who were sitting off practice a skill. I know that they practiced passing occasionally with a coach. Maybe work on backwards skating or stopping.</p> <p>When it gets to game times have the girls play 4 on 4 so they get to play more often</p>	
On a scale of 1-10 (10 being the highest) how would you rate the program organization, information relayed and coaching and on ice volunteering	Average Rating	9.4 out of 10
What did your daughter love the most about the Tyke program this season	<p>Playing games vs the other teams</p> <p>Skating</p>	

BGHA Tyke Parent Satisfaction 2018/19

She loved to play. She loved the games and the competition. The sport has found a new recruit in my daughter.

The beginning of the season was 'aww hockey today'. By the end it was 'YES! Hockey today'.

She loved learning new skills. She was very proud of how much she improved.

Playing the hockey games

How would you rate the development improvement of your players hockey skills , skating and puck handling this season . On a scale of 1-10 (10 being the highest)

Average Rating

9.2 out of 10

Additional comments

So well organized.

Great communication

The organization, structure, and coaching were all excellent. The foundation of an excellent early development program has been laid. It can only get better from here.

Thank you for the great season!

Thank you for a great season. It was a great introduction to hockey for my daughter.
