

Sportsheadz App – changing Arrival Time

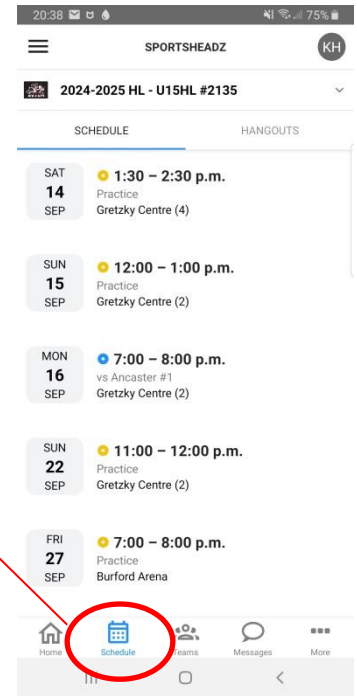

This APP has a default time for players to arrive 60 minutes prior to games and practices. If Coaching Staff wish to have players arrive earlier or later, this can be changed.

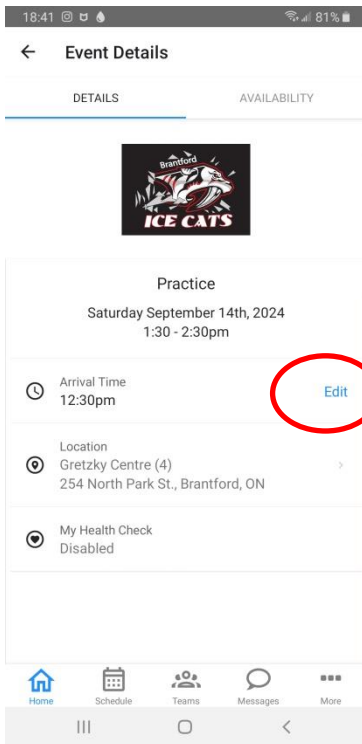

Directions:

Once in the APP, click the Schedule icon at the bottom. This will open up a list of practices, games and events.

Practices will have a yellow dot beside the time slot, while games will have a blue dot beside these time slots.

Schedule Icon

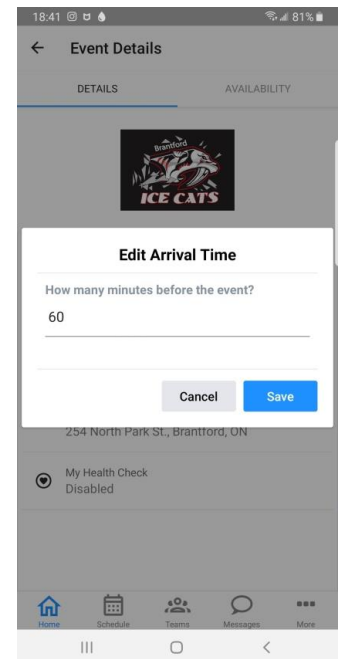

Click on one of the time slots (practice/game) and the details will open up on the screen.

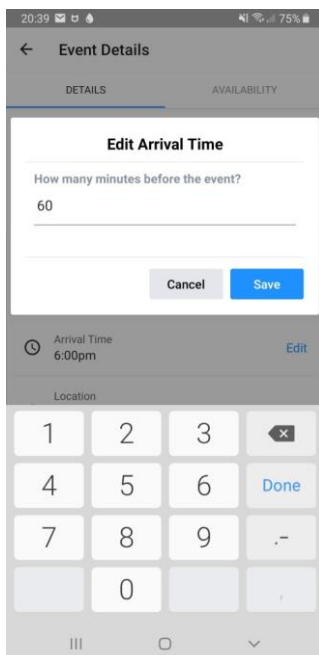

This will provide players/parents with the event date, time, place as well as the time they should arrive to the arena.

Beside the Arrival time is an 'Edit'.

Clicking on the Edit will open another window in the APP

It will show 'Edit Arrival Time and show the default time of 60 minutes.

Clicking on the number will bring up a numbers keyboard where you can remove the number and then add the number of minutes you wish to have players arrive before the event.

Once you type in the number of minutes wanted, click save and the arrival time will be saved for players/parents to see.
