Concussion Return to Play

BGHA Board Approval April 2020

A concussion is a serious event, but your daughter can recover from it if her brain is given enough time to rest and recuperate. BGHA takes concussions seriously and we prioritize the safety of your daughter.

Return to Play

BGHA follows and will continue to follow the Hockey Canada Six-Step method for return to play for Concussion in Sport. When a potential concussion has occurred, the Trainer will evaluate the player in question and, using appropriate protocols, will make a determination based on their assessment. If the trainer (or other coaching staff) determines that your daughter may be concussed or is showing signs of a possible concussion, then they shall deem that player unfit to play until assessed by a physician. Regardless if she says she feels better or you feel she is fine, it is the responsibility of the Trainer to ensure your daughter's safety and wellbeing. The Trainer's decision is final and cannot be overturned by the Coaching Staff or the Parents until the following criteria have been met:

1. Team Management must notify the BGHA of any suspected concussions.
2. You are responsible for seeking medical attention for your daughter.
3. If the physician diagnoses your daughter with a concussion she **MUST** follow the 6 steps in order to return to game play.
4. Your daughter will require written medical clearance from a sports medicine doctor or your family physician after the 6 steps are complete in order to return to regular game play. *Please note that BGHA will not accept a note from an emergency room or walk-in clinic physician.*

The Six Step Return to Play (which is highly recommended) link is provided [here](#).

On our website, under the Concussion heading - Cobblestone there is a document called "Return to Play" please feel free to use this with your physician in order to follow the steps properly.

Dressing Room Policy (Novice Level and Up)

BGHA Board Approval May 2019

Men (including father, guardians and staff) are strictly forbidden from entering the dressing rooms for any reason except for male coaches who may enter for their coaches game preparation prior to each game, and post-game, to do their line-up, a lesson or a chalk-talk (once the all-clear has been given by a women in attendance who must also remain in the room). Care must be taken to ensure all players are dressed prior to entering the dressing room.

The "2-Deep" rule must be observed at all times, i.e. no adult should ever be alone in the dressing room with the players, as per OWHA policy.

The change room door may be fully open with the female adults present at the door opening (those 2 females must have proper certification as well- police check and respect in sport certification).

Girls who are ready early will be asked to come out of the dressing rooms to have their male guardian tie their skates as appropriate

This policy is mandatory and non-negotiable. A players personal awareness of their privacy and changing must be respected, not only for individual players, but all of the team.

If your daughter is new to hockey or otherwise needs help dressing you may wish to bring her to the arena dressed in her hockey equipment(except for skates which they put on at the arena)whatever works best for you. However, there will be no exceptions to the rule. There are no men in the dressing rooms.

Players should arrive in plenty of time to get ready. Coaches may ask all non-players to leave the dressing room prior to each game in order to do a lesson, "chalk-talk", or otherwise prepare the players for the game. The coaches may also ask for a few minutes with the players only following the game for comments and cheers. If a player arrives late and cannot be dressed 10 minutes prior to the game, the coach may ask the player to dress in the washroom or otherwise wait until they have spoken to the team prior to the game.

POLICY EXCLUSION - ICE KITTENS PROGRAM

For our younger players in the Ice Kittens program that require more help in dressing and undressing, we would strongly suggest the girls come with some type of under garment that will ensure each child feels comfortable and protected with both adult males and females in the dressing room until an appropriate stage of dress/undress is achieved. the two deep rule is still in effect.

Ice Policy

BGHA Board Approval May 2019

All ice will be assigned by the Scheduler to the teams as soon as it becomes available from the City of Brantford and the County of Brant for the contract season - October - March.

Ice will be as equally scheduled as possible by the Ice Scheduler.

Ice scheduler will be notified by all teams of any tournaments applied for by October 1. This will allow for no ice to be allotted to those teams during the tournament dates.

Returning Ice Ice from October 1-March 31 is the teams responsibility and can only be cancelled/return IF an away game is scheduled, you have been put out of play offs and play downs (March), or due to a tournament in September. Teams will be responsible for any costs associated to returning ice or unused ice. Please notify the Ice Scheduler as soon as possible if you need to return ice for any of the above reasons.

Ice scheduler will make every attempt to reallocate this ice to another team before returning it to the City of Brantford or the County of Brant.

Summer Ice The first 3-tryout ice times for each team will be paid for by the association.

All summer ice April 1 - August 31 will be co-coordinated through the Ice Scheduler and will be paid for in full during the month of September. Ice from September-March will be billed to each team monthly throughout the season.

September ice will be distributed on an ad-hoc bases by the Ice Scheduler in order to get the season underway for both Representative and House League. All coaches will be expected to utilize assigned ice or immediately notify the Ice Scheduler of their intent to vacate that ice so that the schedule may attempt to return the ice or reassign it. The Board will be responsible for all unused ice during September.

Ice Scheduler will do the very best to reallocate unused ice in order to alleviate fees associated with returning ice.

Note: If costs associated with ice change, the cost to your team will be reflected in the change. If county or city cancellation policies change, that will also be reflected to each team and the ice policy will change to adhere to the new cancellation policies.

Rep Team Re-categorization Policy

BGHA Board Approval May 2017

Based on the players registered for the current season, their birth years, and predicted retention, the BGHA Board of Directors will determine the number of teams in each age group for the next season. For purposes of soliciting coaching applications, the BGHA Board of Directors will make an initial assessment of the OWHA category for each team in each age group.

Upon completion of the spring try-outs, the team is required to play a minimum of 3 exhibition games between May and September against teams in the initial category set by the BGHA Board of Directors, prior to applicable category deadlines. The team and will provide the BGHA Board of Directors with a copy of each game sheet for review.

Before September 25, or an earlier date as determined by the BGHA the Head Coach will consult with the BGHA Board of Directors of his/her final assessment of the team's category. The BGHA Board of Directors will establish a list of criteria to be used to conclude on the appropriate category. In all cases the primary goal is to play at a category that will contribute to the development of all the players on a team.

In the event the Head Coach and the Board of Directors decide that the current categorization level is incorrect the team will either move up a level or down a level. The teams below the re-categorized team could also be affected. For Example, If an "AA" team re-categorizes to "A" then the current "A" team will be re-categorized to "BB" and so on.

The BGHA Board of Directors reserves the right of final approval of OWHA category for all teams.

Once registered with the OWHA and entered in the local League (LLFHL, GHGHL or approved other) no Coach or team member may request to the OWHA or the Local League they are participating in to re-categorize their team up (eg. "A" to "AA") or down (eg. "BB" to "B") or withdraw from the league without the permission of the Board of Directors.

Any dispute of this release will be brought forward to the Director of Rep hockey for resolution and to the Board of Directors if necessary.
- c. The second in each age category is to select as many players as possible from the tryouts. If required you may finalize your team at the fall finalization camp.
- d. Tryouts are open to all players currently registered with the Brantford Girls Hockey Association and any other player who can provide a proof of insurance that they are currently registered with either a ringette or boy's hockey association. - My commitment to fair play and respect for all* (respecting other athletes, coaches, team trainers and officials).

I will care for my health and safety by taking concussions seriously, and I understand that:

- A concussion is a brain injury that can have both short- and long-term effects.
- A blow to my head, face or neck, or a blow to the body that causes the brain to move around inside the skull may cause a concussion.
- I don't need to lose consciousness to have had a concussion.
- I have a commitment to concussion recognition and reporting, including self-reporting of possible concussion and reporting to a designated person when and individual suspects that another individual may have sustained a concussion.* (Meaning: If I think I might have a concussion I should stop participating in further training, practice or competition **immediately**, or tell an adult if I think another athlete has a concussion).
- Continuing to participate in further training, practice or competition with a possible concussion increases my risk of more severe, longer lasting symptoms, and increases my risk of other injuries.

I will not hide concussion symptoms. I will speak up for myself and others.

- I will not hide my symptoms. I will tell a coach, official, team trainer, parent or another adult I trust if I experience **any** symptoms of concussion.
- If someone else tells me about concussion symptoms, or I see signs they might have a concussion, I will tell a coach, official, team trainer, parent or another adult I trust so they can help.
- I understand that if I have a suspected concussion, I will be removed from sport and that I will not be able to return to training, practice or competition until I undergo a medical assessment by a medical doctor or nurse practitioner and have been medically cleared to return to training, practice or competition.
- I have a commitment to sharing any pertinent information regarding incidents of removal from sport with the athlete's school and any other sport organization with which the athlete has registered* (Meaning: If I am diagnosed with a concussion, I understand that letting all of my other coaches and teachers know about my injury will help them support me while I recover.)

I will take the time I need to recover, because it is important for my health.

- I understand my commitment to supporting the return-to-sport process* (I will have to follow my sport organization's Return-to-Sport Protocol).
- I understand I will have to be medically cleared by a medical doctor or nurse practitioner before returning to training, practice or competition.
- I will respect my coaches, team trainers, parents, health-care professionals, and medical doctors and nurse practitioners, regarding my health and safety.
