How to change multiple player's status in your Tryout List in Website

Login and go to Control Panel

Go to Manage Site Content and Open up your Page Content

Go to the top menu bar on the right – look for 'Bulk Options'

A Drop-down box will appear when you click Bulk Options

Select Release or Select Players – which ever action you wish to perform.

This window will pop up with all the players names in the left hand column

Bulk Select Tryout Players		×	
yout List This page will list all the players currently marked as "pending" you can double-click the player in the left-hand box to move th click and drag the player in the left-hand box and drop	" in the list on the left. For each of the players y them to the right-hand box, or sp them in the right-hand box, or	ou wish to select,	ing
Click the player in the left-hand box and use the > but After you've chosen all the players you wish to select, please d only those you wish to select (make the team). After verifying	tton to move them into the right-hand box double-check that the list of players in the right- that list is accurate, click the Update button.	hand box includes	ing ing ing

Jour Select Hydot Hayers This page will list all the players currently marked as "penyou can double-click the player in the left-hand box to m click and drag the player in the left-hand box and click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the players in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and use the click the player in the left-hand box and click the player in the left-hand box click the player in t	Inding" in the list on the left. For each of the players you wish to select, nove them to the right-hand box, or d drop them in the right-hand box, or > button to move them into the right-hand box rease double-check that the list of players in the right-hand box includes fying that list is accurate, click the Update button. Players To Be Selected
	I have double-checked this list to be accurate.
	✓ Update X Cancel

The players you have selected will be in the right hand column in bold.

Once you are sure these the players you want to select or release (depending on the action you are doing) you will need to check the box circled and then click 'Update'.

All the players you have chosen will now have their status changed.
